Re: General Notice Letter issued to Enterprise Products Company for the CES Environmental Services, Inc.-Houston Superfund Site in Houston, Texas.

Dear Mr. Sarahan:

On September 1, 2015, the U.S. Environmental Protection Agency (EPA) received your emailed request on behalf of Enterprise Products Company (Enterprise) for a 30-day extension to respond to the General Notice Letter (GNL) issued for the CES Environmental Services, Inc.-Houston Superfund Site in Houston, Texas.

Based on the EPA's review of your request, we are granting Enterprise a one-time 30-day extension for its response to the GNL.

United Postal Service Record (PS Form 3811) documents that on July 6, 2015, the GNL was received by CT Corporation System, the Registered Agent for Enterprise. For this reason September 4, 2015, the original response due date, is now being extended to October 4, 2015.

Should you have any questions, please contact Ms. Amy Salinas at (214) 665-8063 or salinas.amy@epa.gov. Thank you for your attention to this matter.

Sincerely yours,

Ben Banipal, P.E., Associate Director
Technical and Enforcement Branch
Superfund Division

Salinas Johnson Peycke
